PROFESSIONAL SUMMARY

MCA student with hands-on experience building web-based applications using Python, JavaScript, and MySQL, including an expense-tracking system, a film-streaming platform, and a news aggregation tool. Comfortable across the stack — from responsive front-end interfaces to database-backed back-end logic — with a strong foundation in data structures, problem-solving, and a growing interest in AI/ML. Seeking a Software Developer, Python Developer, or AI/ML Intern role to apply and expand these skills in a real-world engineering team.

TECHNICAL SKILLS

Programming Languages: Python, Java, C

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL, MongoDB

Tools & Platforms: Git, GitHub, VS Code

AI / Machine Learning: [VERIFY IF YOU KNOW THIS — e.g. NumPy, Pandas, scikit-learn]

PROJECTS

Daily Expense Tracker

Technologies: HTML, CSS, JavaScript, Python, MySQL [VERIFY TECHNOLOGY]

- Built a web-based expense tracking application enabling users to add, edit, and categorize daily expenses.
- Designed a MySQL database schema to persist expense records and support querying by category and date.
- Implemented graphical spending reports to help users visualize and analyze their spending patterns.

Film Streaming Platform

Technologies: HTML, CSS, JavaScript, Python

- Developed a web-based film streaming platform allowing users to browse and watch movies through an interactive interface.
- Worked as Front-End Developer: built the HTML/CSS/JavaScript interface and a Python backend for core platform functionality.
- Designed responsive UI pages and implemented navigation features for a smooth cross-device browsing experience.

News Aggregator System

Technologies: [VERIFY TECHNOLOGY — e.g. HTML, CSS, JavaScript]

- Built a news aggregation platform that collects and displays articles from multiple sources in a single interface.
- Enabled users to browse news by category, including technology, sports, and entertainment.
- Worked as UI Designer: designed responsive layouts and improved overall interface usability.

EDUCATION

Master of Computer Applications (MCA) — CGPA: 7.65 (Pursuing)

Nitte University | NMAM Institute of Technology | 2025 – Present

Bachelor of Computer Applications (BCA)

Mangalore University | Alva's Degree College | 2022 – 2025

Pre-University (Commerce) — 91.83%, CGPA: 8.47

Department of Pre-University Education | Excellent PU College | 2020 – 2022

CERTIFICATIONS

- Oracle Cloud Infrastructure 2025 Certified Foundations Associate — Oracle University — 2026

ACHIEVEMENTS

- NCC Cadet (CDT) — completed the NCC Certificate Exam
- [ADD ACHIEVEMENT — e.g. hackathon result, coding contest rank, project award, workshop]
